California Community Colleges Equity Champions for Black Students

These colleges led the way in supporting Black students to earn an ADT, with at least 65% of their Black associate-degree earners having earned an ADT. These colleges are supporting Black students to perform as well or better in this metric than the rest of their student body. Equity gaps are calculated as the difference between the percentage of Black associate-degree earners who received ADTs as compared to the percentage of the rest of the student body.

CSU ADT Equity Champions for Latinx Students
These universities successfully ensured both that over half of their 2021 Latinx undergraduate transfers were ADT earners, and that of those ADT earners, over half were on a guaranteed pathway.
