**California State University ADT Implementation Fall 2020**

The historic partnership between the California Community Colleges and the California State University (CSU) under the Associate Degree for Transfer program guarantees ADT earners admission to the CSU with junior standing after having completed the required 60 units at a community college. Once enrolled at the CSU, students are not required to take more than the 60 necessary units of upper-division coursework to graduate. To fulfill the real promise of the Associate Degree for Transfer program, CSUs must ensure there is a clear pathway for students to transfer under the same program of study as their ADT. Without this, students may be asked to duplicate work they successfully completed at their community college, leading them to spend more time and money on their bachelor's degree.

University	ADT Transfers on Guaranteed Pathway	University	Numerical Growth in ADT Transfers from Fall 19 to Fall 20	University	ADT Transfers on Guaranteed Pathway as a % of Transfer Students
Fullerton	2499	Fullerton	754	Fullerton	53.13

Source: Institutional Research & Analyses | Data from 2019–2020. Highlighted universities have been designated as 2021 Champions of Higher Education for Excellence in Transfer. Honorees are selected in the following categories: Total ADT Transfers on Guaranteed Pathways, Numerical Growth in ADT Transfers on Guaranteed Pathways, and ADT Transfer Students on Guaranteed Path as a Percentage of Transfer Students.

### 2021 Equity Champions and Distinctions

California Community College campuses where Latinx or Black students are performing better than average have a negative Percentage Point Gap (PPG) and will receive Equity Distinctions. PPGs were determined by accounting for the difference between a campus' overall ADT rate and their equivalent rates for Black and Latinx students. A positive PPG entails that the campus' overall rate is higher than their rate for the relevant subgroup of Latinx or Black students, while conversely, a negative PPG indicates that the subgroup's rate is higher than the overall rate. Colleges where the relevant subgroup of Latinx or Black students is performing above the collegewide average (aka a negative PPG) will receive Equity Distinctions.

For California State University campuses, PPGs were determined by accounting for the difference between a school's overall enrollment rate of students with ADTs on a guaranteed path to earning a Bachelor's degree and their equivalent rates for Latinx and Black students. A positive PPG entails that the campus' overall rate is higher than their rate for the relevant subgroup of Latinx or Black students, while conversely, a negative PPG indicates that the subgroup's rate is higher than the overall rate. Campuses where the relevant subgroup is performing above the collegewide average (aka a negative PPG) will receive Equity Distinctions.

### California Community Colleges Equity Champions

For leading the state and working with intentionality to confer Latinx and Black students an Associate Degree for Transfer.

Community College	Latinx % Gap from Collegewide Average	Black % Gap from Collegewide Average
Diablo Valley	-6.0%	-3.4%
Southwestern	-1.8%	-2.8%
Monterey Peninsula	-0.5%	-5.2%
San Diego Mesa	-1.8%	-1.4%
Pasadena City	-4.0%	-5.6%
San José City	-7.2%	-2.6%

Source: California Community Colleges Chancellor's Office | Data from 2019-2020 | Retrieved October 1, 2021. Listed colleges had conferred rates for both Black and Latinx ADT earners on a guaranteed pathway to a Bachelor's degree than the collegewide average.

### California State University Equity Champions

For leading the state and working with intentionality to enroll Latinx and Black Associate Degree for Transfer earners on a guaranteed pathway to a Bachelor's degree.

California State University	Latinx % Gap from Collegewide Average	Black % Gap from Collegewide Average
San Marcos	-3.22%	-3.31%
Fresno	-4.71%	-2.69%
San Bernardino	-1.89%	-2.02%
East Bay	-4.45%	-1.84%
San José	-3.11%	-0.10%

Source: Institutional Research & Analyses | Data from 2019-2020. Listed colleges had enrolled rates for both Black and Latinx ADT earners on a guaranteed pathway to a Bachelor's degree than the collegewide average.

### California Community Colleges Equitable ADT Implementation for Black Students

The following is a ranking of California Community Colleges reflecting the rates of Black students obtaining an ADT in relation to the college-wide average.

- equity distinction recipients
- equity gap < 3%
- equity gap > 3%
- did not qualify due to not having the minimum required sample size
- did not qualify due to having a collegewide rate of ADT's as a share of total associates below 50%

College	Black % Gap from Collegewide Average	College	Black % Gap from Collegewide Average	College	Black % Gap from Collegewide Average

Source: Institutional Research & Analyses | Data from 2019–2020. Schools highlighted in green were recognized as having earned an equity distinction for equitable enrollment of Black or Latinx students with an ADT on a guaranteed pathway. Schools shaded in gray did not qualify due to not having the minimum required sample size for the particular subgroup.
