

SACRAMENTO STATE PROGRESS ON GI 2025 INITIATIVE

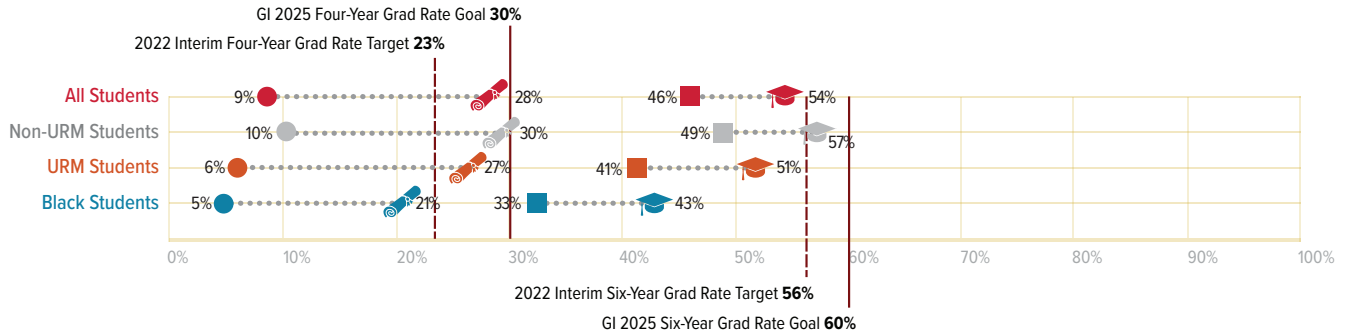

At Sacramento State the four-year graduation rate for all first-time students has tripled, increasing from nine percent to 28%, and the six-year graduation rate has increased from 46% to 54% since 2015 but rose as high as 57% in the intervening years. Gaps persist between non-URM students and URM students- whose graduation rates are two points lower after four years and six points lower after six. The gaps are even starker when comparing Black students to non-URM students at nine points lower after four years and 14 points lower after six.

For transfer students, the two-year graduation rate has increased from 26% to 40% and the four-year graduation rate from 71% to 80%. There is a small gap between URM and non-URM students with URM students having a two-year rate two points lower than non-URM students and a four-year gap three points lower. Black transfer students have larger gaps with rates compared to non-URM students that are 10 points lower after both two and four years.

Sacramento has set all its campuswide goals for GI 2025 at rates below the systemwide goals. **The campus is currently on track to reach three of its own GI 2025 goals and one of the systemwide goals.**

SACRAMENTO STATE GRADUATION RATES

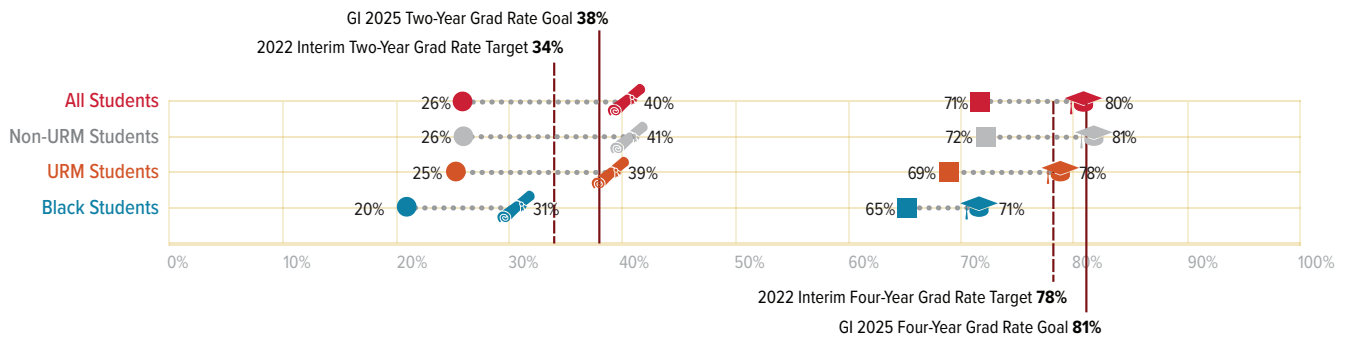

Four- and Six-Year Graduation Rates for First-Time Students

- 2015 Four-Year Grad Rate
- 2022 Four-Year Grad Rate
- 2015 Six-Year Grad Rate
- 2022 Six-Year Grad Rate

First-Time Students
