**Original Publication Issuance Date:** August 3, 2023

**Errata Sheet Issued On:** September 26, 2023

After publication of *A Rising Tide in Graduation Rates at the California State University (CSU), a Persistent Divide in Racial Equity*, the report authors discovered a number of errors in the data visualizations and tables contained in the report’s appendices. We consider the changes to the tables and figures in Appendix B, listed below, significant enough to note.

**Analyses and findings for the report were based on accurate raw data and are unchanged by these corrections.**

The authors deeply regret the errors. An [updated edition of the report](#) is available on the Campaign for College Opportunity’s website.
